

OAGM/AAPR 2009 WORKSHOP

Stainz, Austria, May 14-15

Call for Papers

The Austrian Association for Pattern Recognition (OAGM/AAPR) invites authors and guests to participate their 33rd annual Workshop, which will take place in Stainz (close to Graz) on May 14-15, 2009. The workshop provides a platform bringing together researchers for discussing traditional and new areas of the computer vision discipline. This year's main topic is *Visual Learning*, additional topics include, but are not limited to:

- Computer Vision
- Image Analysis
- Pattern Recognition
- 3D Vision
- Cognitive Vision
- Applications

Prospective authors are invited to submit a full paper up to 12 pages. Accepted papers, based on three double blind reviews, have to be presented orally or as poster (registration required) and will be published by the OCG in the series books@ocg.at. Submission and presentation of a similar paper at another international conference is no reason for rejection, but original contributions are preferred

Invited Speakers

Bastian Leibe (RWTH Aachen University)
Stefan Roth (TU Darmstadt)
